Light Source (included): MR16 4W 60 degree 2700K led lamp
Maximum Lamp Rating:20W
Recommended Lamp Rating: 20W
Operating Voltage: 12V AC
Shipping Weight:1.76 lbs
Powered by: Trus-capes's Low Voltage Transformer

Features & Benefits

Composite housing with cast brass shroud and has an adjustable 8° tilt socket inside.

Pre-aged finish; powder coating for more option, paint or finish to wear off or peel—just natural patina that does not corrode.

Beryllium copper socket – more corrosion resistant than copper.

Thick rubber gasket wrap the temper glass between top cover and housing of well light for a water tight seal - keeps water from entering luminaire.

Heat resistant temper glass lens and Drainage Notch - keeps water from pooling on the face of the lens.

Dimming: Only dimmable by magnetic low voltage transformer.
